Professional Summary

My name is Urechiatu Darius-Gabriel. I am a junior web developer. Playing football and swimming helped me develop my social abilities. I like meeting new people and making friends. I can work independently and also within a team setting.

Efficient Junior Web Developer with a bachelor's degree in informatics and 1 year of experience in challenging development environments. Excellent communication and organizational abilities with a resourceful approach to solving diverse problems. Collaborative and hardworking team player with critical thinking skills and a systematic approach.

For now, I'm interested in projects that involve web development, finding a new team with who I can practice my abilities. I'm eager to learn and striving for perfection in everything I do. Hardworking and passionate jobseeker with strong organizational skills eager to secure an entry-level environment.
